RUHANI ARORA

Aspiring Frontend / Web Developer

reachruhania@gmail.com | 7355100106 | linkedin.com/in/ruhani-dev

PROFESSIONAL SUMMARY

Aspiring web developer with hands-on training and experience building real web applications, along with strong communication and problem-solving skills. Worked with React, JavaScript, HTML, and CSS, and continuously learning and improving development skills. Enjoys solving problems, building responsive interfaces, and turning ideas into working websites. Comfortable communicating ideas clearly, collaborating with teams, and adapting quickly in fast-paced, agile environments.

EDUCATION

Bachelor's Degree in Computer Applications (BCA) *2025 – 2028 (Expected)*
Panjab University

High School Diploma, Business/Commerce, General *2023 – 2025*
DCM Group of Schools

- Class X: 93.8%
- Class XII: 93.6%

EXPERIENCE

React / Web Development Trainee — Confidential *Apr 2026 – Aug 2026*

- Completed 4+ months of hands-on React.js and JavaScript training.
- Developed responsive interfaces using React.js, related libraries, and API integration.
- Practiced core React concepts including Hooks, Props & State Management, Component-Based Development, Event Handling, Forms, and Conditional & List Rendering.
- Worked with REST APIs using the Fetch API, Promises, and async/await for asynchronous JavaScript.

PROJECTS

React Practice Web Applications

- Built several projects to strengthen my core understanding of React and front-end fundamentals — component design, state management, and REST API integration.
- Applied Hooks (useState, useEffect, useRef, useMemo, useCallback), Context API, Props & State Management, Event Handling, Forms, and Conditional & List Rendering across projects.
- Used the Fetch API, Promises, and async/await to integrate REST APIs and handle asynchronous data.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, JSX, Next.js, Tailwind CSS, Responsive Web Design

React Concepts: Components, JSX, Props & State Management, Hooks (useState, useEffect, useRef, useMemo, useCallback), Context API, Component-Based Development, Event Handling, Forms, Conditional & List Rendering

APIs & Async JS: REST API Integration, Fetch API, Promises, Async/Await, DOM Manipulation

Tools: Git, GitHub, VS Code, Chrome DevTools (basic testing & debugging), MS Word, MS Excel, Canva, CapCut

Data: Microsoft Excel, Advanced Formulas, Charts & Graphs, Data Visualization, Data Analysis

SOFT SKILLS

Problem Solving, Logical Thinking, Communication, Teamwork, Adaptability, Time Management, Quick Learning

CERTIFICATIONS

- React – The Complete Guide (incl. Next.js, Redux) — Udemy, Maximilian Schwarzmüller
- The Web Developer Bootcamp 2026 — Udemy, Colt Steele

HONORS & AWARDS

MS Excel Project (State-Level)

Received recognition for winning a state-level MS Excel project competition by developing a spreadsheet-based solution using advanced formulas, charts, data visualization, and data management techniques. Demonstrated strong analytical thinking, problem-solving, and data interpretation skills while creating an efficient and well-structured solution.

Skills Demonstrated:

- Microsoft Excel
- Advanced Formulas
- Charts & Graphs
- Data Analysis
- Data Visualization
- Spreadsheet Management
- Analytical Thinking
- Problem Solving

LANGUAGES

English, Hindi, Punjabi (Read, Write & Speak)

PERSONAL DETAILS

Date of Birth: 7 August 2007
